

Omnilux photo therapy improves skin clarity, tone and texture and minimises the appearance of fine lines and wrinkles whilst reversing the effects of sun damage and chronological ageing.

Before

After a course of 7 treatments

“ My complexion has had an all round improvement. The blotchiness has disappeared and I have seen significant reduction in the wrinkles on my brow. ”

...AT THE SPEED OF LIGHT

Omnilux utilises light therapy with skincare products to offer the first complete, advanced skincare and light therapy regime.

Combined facial treatments

Effective, safe, and convenient, Omnilux works with the body's own natural processes to counteract time and the damaging effects of the sun's rays.

Clients of Omnilux report benefits that include an overall lifting and hydrating effect, an improvement in skin tone and texture, an evening out of pigmentation, a smoothing of fine lines and wrinkles and a feeling of well being and relaxation.
