

## PATIENT PRE MICRO-NEEDLING FORM

We can't wait for you to enjoy a Dermapen 4™ treatment. Please read this form through carefully to make sure you are ready and able to have your rejuvenation treatment.

Dermapen 4™ has won multiple awards and has become one of the most trusted names in the medical aesthetics industry. Thousands of practitioners endorse Dermapen 4™'s world-leading technology, which helps 'rewrite skin history' without side effects or downtime. Your treatment may include DermaLUX LED photo rejuvenation and an ÜBER Pro peel (Advanced protocol only)

Dermapen 4™ treatments are fast, effective, comfortable and offer visual results after just one session. Based on your areas of concerns or skin condition, Cherry may recommend a series of treatments in conjunction with home care products for optimal results and maintenance. Typically, four treatments can be performed with 4/6 week intervals (every 2/3 if Acne). Ask about our special offer on 4 treatments.

**You may not be able to have a Dermapen 4™ treatment if you are experiencing any of the following conditions or concerns, on or around the treatment area, you will need to let your practitioner know prior to treatment:**

<ul style="list-style-type: none"> <li><input type="checkbox"/> Active Psoriasis (active skin diseases)</li> <li><input type="checkbox"/> Scleroderma</li> <li><input type="checkbox"/> Warts</li> <li><input type="checkbox"/> Haemophilia (or other blood clotting disorders)</li> <li><input type="checkbox"/> Cardiac conditions</li> <li><input type="checkbox"/> Undiagnosed/unusual moles</li> <li><input type="checkbox"/> Photo-Sensitising drugs</li> <li><input type="checkbox"/> Have had Botox in the last 2 weeks</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> Diabetes</li> <li><input type="checkbox"/> Open Lesions</li> <li><input type="checkbox"/> Bacterial/fungal infections</li> <li><input type="checkbox"/> Active Vitiligo</li> <li><input type="checkbox"/> If you have undergone any other invasive rejuvenating treatments in the last 6 weeks Eg Laser</li> <li><input type="checkbox"/> Active lupus erythematosus</li> <li><input type="checkbox"/> Pregnancy/Breastfeeding</li> <li><input type="checkbox"/> Have had dermal fillers in the last 4 weeks</li> </ul>	<ul style="list-style-type: none"> <li><input type="checkbox"/> Active Herpes Simplex (cold sores)</li> <li><input type="checkbox"/> Acne vulgaris Stage IV</li> <li><input type="checkbox"/> Undiagnosed solar keratosis</li> <li><input type="checkbox"/> History of keloid scars</li> <li><input type="checkbox"/> Skin Cancer</li> <li><input type="checkbox"/> Allergy to Aspirin/Salicylic Acid (We cannot use ÜBER Pro peel)</li> <li><input type="checkbox"/> Active Collagen Vascular Disease</li> </ul>
--	---	---

**Avoid** Alpha/Beta hydroxy acids, Retinoid cream, Retinol, Benzoyl peroxide and Hydroquinone in the area to be treated 1 week prior to treatment.

Also, inform your practitioner if you are (or planning to get) pregnant, had any cosmetic tattooing, or have recently experienced any chronic illness or are undergoing major medical care.

Certain health conditions, medications, supplements and lifestyle factors may affect the outcome or effectiveness of a Dermapen 4™ procedure. All patients will be required to complete a Dermapen World Consultation Form prior to treatment for assessment by an Authorised Treatment Provider.

If you are in doubt regarding any health condition or medications that you may be taking, always seek medical advice from your physician. Or contact Cherry Woods on 07792 713476.

Please note, we need 48 hours notice for appointment cancellations/rescheduling Dermapen 4™ treatments.

It is recommended that you strip-back any 'active' skincare in the 10 days prior to your treatment and you must use SPF daily prior to your appointment. However, those clients on advanced, active skincare (like retinol, L-Ascorbic acid, Hyaluronic acid and actively using daily Physical SPF) often achieve better results. Ask Cherry for best Dermapen 4™ prep/performance skincare advice

Why not register on my AlumierMD private skincare portal now <https://www.alumiermd.co.uk/register> Then, take this quick skin consultation here [quizhttps://www.cherrywoodsclinic.com/skin-profile/](https://www.cherrywoodsclinic.com/skin-profile/) and Cherry will upload bespoke, skincare recommendations for you.

### **COMFORT**

There is a little discomfort, more so if we are working deeper to target advanced ageing or scars. The fast, efficient device means no topical anaesthetic is required (in fact, this would negatively impact your results!) Everyone has a different comfort threshold. Cherry will take all steps to ensure you are happy and relaxed during for your Dermapen 4™ procedure. If you experience any discomfort, let Cherry know.

### **PROTECTION & SAFETY**

Your Dermapen 4™ treatment only uses sterile, single-use consumables throughout the procedure, ensuring complete health and safety.

### **TREATMENT DURATION**

The actual regular Dermapen 4™ clinical booking time is 75 mins (90 if it's your first treatment) The Micro-needling part is only 8-12 mins (Yay!) the remainder is prep-time, post needling mask, DermaLUX LED, Uber pro peel plus post-care .
